Similarity Model
KNN · Cosine

Example Personalized Recommendations

User 239876607 · 12 interacted products

Top 5 Recommended Products

How the Model Works

1. User Behavior
Views · Carts · Purchases
2. Similarity
KNN · Cosine Similarity
3. Recommendation
Top Similar Products

Model Summary

Approach — Item-Based Collaborative Filtering
Algorithm — K-Nearest Neighbors (KNN)
Similarity Metric — Cosine Similarity
Recommendation Logic — Weighted Similarity Score

Higher scores indicate stronger recommendation relevance.
